7 If not using LUMIN L1, make sure the UPnP Media Server is started on your NAS. We recommend MinimServer where possible – see minimserver.com for details.

Media Server

☑ Enable UPnP Media Server

Apply

8 Start the LUMIN iPad App and it will **automatically** detect your UPnP Media Server and your LUMIN M1.

LUMIN

If you have multiple servers or multiple LUMIN units, you can select these in the App 'Settings' menu.

Your music selection will now display in the main LUMIN App 'Browse Panel' where you can now select music to play and create playlists.
